EXAMINER'S AMENDMENT

The application has been amended as follows: Cancel claims 11-16 and 24-27.

These claims were non-elected without traverse.

Allowable Subject Matter

Claims 1-10 and 17-23 are allowed.

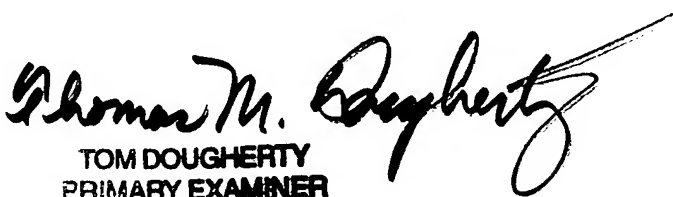

The following is an examiner's statement of reasons for allowance: at a minimum, the prior art fails to show or fairly suggest a methodology for control of a medical imaging device comprising transmitting a plurality of waveforms from a plurality of elements, applying relative focusing delays or phase shifts to the plurality of waveforms and then applying an additional delay or phase shift or additionally applying a sign change between the plurality of waveforms.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Direct inquiry to Examiner Dougherty at (571) 272-2022.
